Celebrating 5 Years of U=U

July 21 marks five years since the launch of the Undetectable Equals Untransmittable movement by the Prevention Access Campaign.

July 14, 2021 By Undetectable = Untransmittable

Undetectable = Untransmittable is turning 5 years old on July 21, 2021.

Join the U=U global community at 3:00pm ET on Prevention Access Campaign's YouTube and Facebook to celebrate 5 years of living and loving without the fear of passing on HIV. This event will be followed by an after-party on Zoom (link to be shared during event).

Leading up to the event and during, PAC is encouraging everyone to share their memories of the last 5 years of U=U. If you have any pictures, videos, or other memories, we invite you to share these memories on social media using the #UequalsUat5 and #UequalsU hashtags.

If you would like to help spread the word about the event, below are two images and some sample social media posts:

- Undetectable = Untransmittable is turning 5 years old on July 21st, 2021! Join the U=U global community at 3:00pm ET on PAC's YouTube and Facebook to celebrate 5 years of living and loving without the fear of passing on HIV: https://www.facebook.com/events/317361126782452 #UequalsUat5 #UequalsU
- Undetectable = Untransmittable is turning 5 years old on July 21st, 2021!
