How to Stop AIDS... Staunton style

February 12, 2008 By Shawn Decker

There’s a bit of a ruckus over the mountain in Staunton, which is closer to Waynesboro, the Virginia town I grew up in.

It involves an adult DVD store and lots of lawyers, and is a huge case that could redefine the legality of adult videos and community standards. You can read more about it HERE and, more recently, HERE.

What caught my eye was the following quote from Staunton Commonwealth’s Attorney, Ray Robertson: “There’s a reason Staunton doesn’t have an AIDS epidemic. We’re a decent, moral community.”

So there ya go. The cure for AIDS- or perhaps the illusive HIV vaccine itself?- is to shut down adult DVD stores. Breaking news from my old stomping grounds.

Positively Yours,

Shawn
