Tag Team of the Century: Hot Beef Injection

August 5, 2010 By Shawn Decker

One of the best things about Legends of Wrestlemania is that you can create tag teams and then name them. And the name comes up on the screen in the same font that was used on the television shows when I was a kid.

If I'd been booking wrestling matches and calling the shots back in the day the way I'm doing it on this game, then the "Hot Rod" Rowdy Roddy Piper and Brutus Beefcake would have been a tag team. And, stealing a line from John Bender from *The Breakfast Club* movie, I would have named them none other than the "Hot Beef Injection".

 It's the simple joys in life, right?

Positively Yours,
Shawn
