Buyers Clubs

Discount drugs and HIV resources for PWAs

December 1, 1998 By Belinda Filippelli

Buyers clubs offer important resources for obtaining treatment and information about different treatment options. They specialize in various services including experimental and imported drugs and nutritional supplements. In several cases, these offerings are accompanied by treatment-related services, including advocacy for broader access. They can also serve as a way to meet other PWAs who can help in making treatment decisions.
