

New Initiative Integrates HIV in Community Health Centers

June 6, 2011

The AIDS Education and Training Centers (AETC) National Center for HIV Care in Minority Communities (NCHCMC) has launched an initiative to integrate HIV services into the primary care services at 24 community health centers, according to a HealthHIV statement. HealthHIV, a nonprofit group, is leading the effort along with the National Association of Community Health Centers. The initiative is part of a three-year plan to provide more primary care services in health centers serving ethnic and racial minority communities with a high incidence of HIV.
