Dr. Anthony Fauci Gets Grilled

August 16, 2006 By Peter Staley

AIDSmeds Founder Peter Staley interviewed Dr. Anthony Fauci, Director of NIAID at the NIH, and head of AIDS research for the U.S. government. In a far-ranging discussion, Fauci talks about the future of AIDS research, President Bush's commitment to fighting AIDS abroad ("is it enough?"), and working with an administration that others have called "anti-science."
