SAY WHAT?

November 1, 2001 By Staff

"Care for children with HIV/AIDS is defiance against a virus that also [like terrorism] exerts deadly force against the **innocent**."

-- Diane Wara, MD, UCSF founder and director of the UCSF Pediatric AIDS program, in a press release for the Champions Run for Children 2001

"I am focusing my efforts on helping children with AIDS or those who are HIV positive because they’re the **innocent** ones in this battle."
