

When Adam Met Eve

April 1, 1999

What good is sitting alone in your room? Your newest ex-lover or best friend may be just a mouse click away. It took PWA Adam 11 years after testing positive to meet another openly positive hetero. The drought inspired the 33-year-old Arizonan to create “a safe space for hetero-positives”: **www.heterochat.org**, a 24/7 chatroom with an ever-present big bro to answer questions or hold a virtual hand, plus personal ads and user profiles to help surfers get acquainted. The website also lists women’s resources, social events and links to other sites for virus-enhanced heteros. It’s not too late to sign up for the second annual boat cruise in October. Next stop: Cancun, Mexico!
