

# HIV Vaccine Awareness Day 2014

May 16, 2014

---

Sunday, May 18, is HIV Vaccine Awareness Day, an annual observance in recognition of the advocates and researchers who are working together to find a safe and effective HIV vaccine. Related events are being held nationwide.

The day also is a time to educate the public about promising HIV prevention research, including vaginal and rectal microbicides, as well as pre-exposure prophylaxis (PrEP).
