A State-by-State Guide to the Novel Coronavirus

U.S. state health departments are providing information about COVID-19, the disease caused by the new coronavirus.

March 19, 2020 By Alicia Green

As COVID-19 continues to spread in the United States and across the world, health departments in the states and U.S. territories are providing citizens with up-to-date information about local cases, signs and symptoms of infection as well as guidance for travel, the public and more, according to CNN.
