

African-American 365 Health at Walgreens Corpartre!

February 5, 2014 By [Rae Lewis-Thornton](#)

On yesterday, I spoke at Walgreens for Black History Month at their corporate office. African-American 365 Health was a program focusing on health issues for African-Americans.

The program was a panel discussion. The distinguished panel included, Dr. La Mar Hasbrouck, Director of Illinois Department of Health, Dr. Courtney Hollowell, Chairman of Urology, Cook Country Hospitals and Health System, Andrea Zopp, President and CEO, Chicago Urban League, and Sherrise Trotz, Executive Pharmacy Director, Midwest Operations Walgreens.

I was honored to have been asked to participate in this event. Walgreens employees made up the audience. They also live steamed the program to their hundred's of employees at their desk. It was a great discussion on the critical health issues for African-Americans.

Here are most of my remarks.

Part One!

Part Two!

Part Three!

Part Four!
