Several months ago I posted a couple of times about a friend, Jordan, who was in a serious automobile accident.

The last post was [here](#), where I gave an update- at the time the best news you could get- that Jordan would survive.

Well, last night I had dinner with Jordan at the same place where I last saw him: Cheeseburger in Paradise. His recovery from a severe brain injury has been incredible... he says that his doctors and people who saw him in the weeks and even months afterwards are stunned.

Just wanted to share. I've only known Jordan a short time- two years- but he's one of the funniest, coolest guys I've met. And I'm so happy he's gotten an unexpected second chance at life.

Positively Yours,

Shawn
