

HIV Politics

November 22, 2011 By [Oriol R. Gutierrez Jr.](#)

POZ cover boy [Andrew Sullivan](#) has posted another HIV-related video in his “Ask Me Anything” series on his blog, [The Daily Dish](#). These videos give him an opportunity to personally respond to reader inquiries.

Previous HIV-related videos asked him "[When did you find out you had HIV?](#)" and "[Other than HIV drugs, what do you credit with your longevity with the virus?](#)"

In his current video, he’s asked: “How has your HIV status influenced your politics?”

He says not much, with two big exceptions--a deeper understanding of both the need for health care reform and the repeal of the HIV travel ban.

He goes on to say: “What HIV has taught me spiritually, emotionally, psychologically, far exceeds its impact on my political thinking.” Indeed.
