POZ Posters Latest Free Resource for Our Community Partners

POZ health information posters will empower your clients with the information they need to actively engage in their health care.

May 12, 2021 By POZ Staff

POZ is pleased to offer our partners serving the HIV community—absolutely free of charge—a stylish silver-framed POZ health information poster that provides topical HIV information to your clients in the waiting room.

Topics planned include:

- Working With Your Doctor
- HIV and Your Whole Health
- Finding Support
- HIV Treatment Adherence
- Undetectable = Untransmittable
- HIV and Aging

POZ health information posters will empower your clients with the information they need to actively engage in their health care. Your organization will benefit by arming your clients with the knowledge they need to survive and thrive with the virus.

Each poster is housed in a handsome, brand-new, silver frame we provide. They feature editorial information from the editors of POZ magazine and measure 2’ by 3’. And of course, they are all installed and maintained by our professional field force. We’ve been installing them in partner locations since March. Check out this gallery of posters from around the country.

To request your poster today, CLICK HERE and fill out our simple and quick form. Have more questions? Visit poz.com/posters to learn more about the posters and the other free services we offer, including our community jobs board, where our partners can post their job openings for free.

The POZ field force is standing by in your area to install them for you too!
