

Sign Up to Receive a Handmade Card for Valentine's Day

Are you a woman/femme living with HIV who would like to receive a handmade card on Valentine's Day as part of Visual AIDS' LOVE POSITIVE WOMEN program?

January 12, 2023 By [Visual AIDS](#)

Since 2015, artists, activists and HIV-positive women have come together for LOVE POSITIVE WOMEN [paper making workshops](#) to show their love and support for women living with HIV. Hosted at Dieu Donné's paper making studios, the program has mailed over 3,500 unique handmade paper Valentines cards to women living with HIV around the world to celebrate LOVE POSITIVE WOMEN. These workshops are collaboratively produced with the Fire Island Artist Residency and Dieu Donné. This year we are inviting artists to decorate valentines at home on handmade paper hearts produced by Dieu Donné.

This program is a collaboration between [Visual AIDS](#), the [Fire Island Artist Residency](#), [Dieu Donné](#),

[Positive Women's Network — USA](#), and [The Well Project](#).

[To receive a handmade valentine, please click here and complete the form by February 6, 2023.](#)

You can also email your name and mailing address to lovepositivewomen@visualaids.org.

Cards will be mailed out in late January so that they arrive by Valentine's Day, February 14. (International mailings may arrive later.) Respecting the privacy of recipients, envelopes will bear the recipient's address without additional information.

Please note that the valentines are for women and femme-identified people living with HIV only. Thank you for respecting this.

[LOVE POSITIVE WOMEN](#) is an international series of events that uses Valentines Day as a backdrop, creating a platform for individuals and communities to engage in public and private acts of love and caring for women living with HIV. Working from a place of strength, LPW focuses on the idea of interconnectedness, relationship building, loving oneself and loving ones community. LOVE POSITIVE WOMEN is an ongoing project established by Visual AIDS artist member [Jessica Whitbread](#) in 2013.

[Visual AIDS](#) utilizes art to fight AIDS by provoking dialogue, supporting HIV+ artists, and preserving a legacy, because AIDS is not over.
