

Ring in the New Year With HIV Advocacy by Registering for AIDSWatch

The nation's largest HIV advocacy event, AIDSWatch 2026 will take place March 16-18 in Washington, DC.

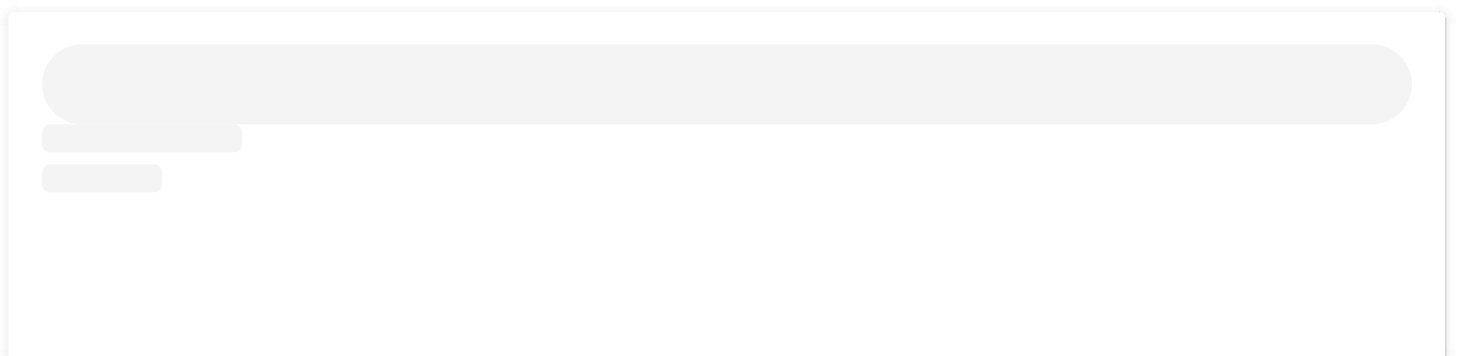

January 11, 2026 By [AIDS United](#)

As we welcome a new year, we want to take a moment to wish you a powerful start to 2026! This time of reflection and renewal reminds us that progress is built when communities come together — particularly in moments that demand our collective action.

That's why we are inviting you to register for AIDSWatch 2026, the nation's largest HIV advocacy event, taking place March 16-18, 2026. Right now, registration is \$75, but prices will increase to \$100 on Monday, February 23rd. We encourage you to secure your spot early, taking advantage of early bird pricing and joining advocates from across the nation who are ready to mobilize.

REGISTER TODAY!

While we are finalizing our workshop selections, we can promise attendees are in for a fruitful, insightful, and innovative lineup that reflects a broad range of community voices, and the issues advocates care most about. These sessions are being shaped to equip you with the tools, knowledge, and connections needed to drive real change — check the [AIDSWatch Agenda page](#) for updates!

This year, the stakes could not be higher. With continued attacks on the Affordable Care Act, gender-affirming care, and public health infrastructure as a whole, we need advocates like you to come together now. AIDSWatch 2026 is your opportunity to mobilize, build power, and meet directly with Members of Congress to advocate for policies that protect our communities and advance health equity.

While you're attending AIDSWatch, consider registering for SYNC 2026, which will be held March 18-20, 2026, at the same location as AIDSWatch! We've partnered with SYNC to offer a special discounted rate for individuals attending AIDSWatch. Head to their [registration page](#) for more details.

As we step into the new year, let's commit to action, solidarity, and impact. We hope you will join us!

Wishing you strength in the year ahead,
The AIDSWatch Planning Partners
