

Shawn's Tool Academy Welcomes: Larry Brown

January 16, 2011 By [Shawn Decker](#)

[North Carolina state representative Larry Brown](#), in discussing his support of opposite marriage, decided he'd chime in on HIV funding issues. He said: "I'm not opposed to helping a child born with HIV or something, but I don't condone spending taxpayers' money to help people living in perverted lifestyles."

☒ And with that, Larry Brown has been inducted into my Tool Academy Hall of Shame, joining other elected luminaries such as [Dave Schultheis](#) and [Virginia Foxx](#) (another North Carolina congress "person"). I know, we're not supposed to call people names anymore after the tragic events in Tuscon, but I do think we need to call attention to insensitivity and ignorance.

Positively Yours,
Shawn
