

# Study in Charlottesville Looking For People w/ HIV

August 26, 2012 By [Shawn Decker](#)

---

I received something in the mail a few weeks ago about a study for people living with HIV and felt like I should pass the information along for anyone who is interested in participating and helping out with the study.

Positively Yours,  
Shawn

-----  
*Are you living with HIV? Do you sometimes forget you medicines? Do you sometimes use alcohol or drugs?* IF yes, you may be interested in a research study at UVa. The study involves answering health questions and possibly getting cell phone messages. Study time commitment is from 5 to 14 hours total over 6 months. Temporary cell phone/\$10 gift or gas card (if in the group to receive texts) and up to \$150 for completing the study are provided. For more information call toll-free to [1-866-485-5226](tel:1-866-485-5226) or call [434-243-0642](tel:434-243-0642) or email us at [sh4ha@hscmail.mcc.virginia.edu](mailto:sh4ha@hscmail.mcc.virginia.edu)
