Synthetic Division’s Mocha Madness Film Premiere

September 16, 2011 By Shawn Decker

While on the road last month for a few Synthetic Division shows, Josh and I took a video camera

along to document the experience. It’s one of those rare things when you have a good idea and you actually follow through with it... well, it’s rare for me.

Anyway, I’m beyond thrilled with the end result, and we’re having a world premiere of the 22-minute movie on Facebook this Sunday night, at 10:30 pm EST. If you wanna join us for the viewing party, log into Facebook, click on the movie poster and attend the premiere from the comfort of your own home and computer. Oh, and bring your own popcorn. If you’re not on Facebook don’t worry, I’ll be posting the movie on this blog on Monday.

Positively Yours,
Shawn
