

Top 10 Readers Outfits For Anthroholic

January 8, 2011 By [Shawn Decker](#)

[The Top 10 Readers' Outfits for Anthroholic for 2010](#) have been announced, and Gwenn made the list at number 5 in the following picture. Click on it if you want to see some killer photos and killer outfits. (Gwenn is addicted to the Anthroholic blog.)

This is probably my favorite photo of us. Josh took it when we were in Brooklyn on the Synthetic Division tour. We'd broken from Bella Morte to play some shows in NYC and Brooklyn (with the killer band, [a'tris](#)) before heading back to Virginia, and had just picked up Gwenn in Philadelphia. I'd never played 7 shows back-to-back before, and my bum ankle was really starting to show signs of wear...

That's why Gwenn has her arm wrapped around me; we're not typically a PDA (Public Displays of Affection) kind of couple even though we regularly share the details of our sex life in front of audiences. She was helping me along the sidewalk as we made our way to a local coffee shop; Josh slyly snuck the photo, and I'm glad he did.

I'm a lucky guy. I couldn't have a better partner to lean on than Gwenn.

Positively Yours,
Shawn
