# VLOG: Our First Experiences (Ever!) With Sex

October 25, 2012 By Shawn Decker

Today’s vlog post is all about our first times- yes, those frightful, delightful first experiences with sex.  We thought it would be a good idea to share how things happened for both of us, because far too many people distance themselves from their early trial and error days of discovering sex. Adults can’t expect to help educate youth about HIV and sexual health if they don’t revisit those times and feelings themselves.

Positively Yours,
Shawn
